Forecast for Saturday 15 Jul 2023

Weather: Mostly cloudy overnight and during the morning, some patchy light rain and drizzle possible. Skies brightening and the cloud lifting and breaking in the afternoon with scattered heavy, perhaps thundery, showers developing. Lower cloud and occasional rain by midnight.

Chance of cloud-free hill tops above 700m: 70% around the middle of the day, but 30% early and later.

Low cloud and visibility: Extensive low cloud, base 300 to 600m, early in the day, but occasional or extensive above the summits through the afternoon and much of the evening, although lower in heavy showers. Visibility moderate to very poor, becoming mostly good or very good through the afternoon and evening, but much lower in heavy or thundery showers. Windy at first.
